

Instructions for Printing and Displaying

Banner: The banner is formatted to print as a poster at 36" x 10".

Depending on the size of your bulletin board you can cut the sides of the banner down to the size you would like.

There are multiple banner options to choose from, with various color combinations and names to choose from.

Border: The border is formatted to print on 11" x 17" cardstock. We recommend printing five copies of the border to have enough to outline your bulletin board, however, depending on the size of your bulletin board you may need more or less.

(Note: the bulletin board at our local elementary school is approximately 96 inches x 47 inches, which takes five copies of the border printed and cut to outline the bulletin board.)

Cut the white border off on each of the four sides. Cut along the three lines to create four strips of the border from each sheet of cardstock.

Posters and Coloring Pages:

Each poster is formatted to print on 8 1/2" x 11 cardstock. There are various general information posters about Hispanic Heritage Month, as well as posters spotlighting various Hispanic and Latine individuals.

The coloring pages are formatted to print on 8 1/2" x 11 paper.

The "Win a Book" Drawing poster can be trimmed down and then attached to a box for children to drop their quiz or coloring page entries into if you choose to have a drawing for a book as part of your display.

The quiz can be copied and printed to 4 on a page.
